Grand River Water Quality

Explore the world of high tech, computers and science at the ITEC Summer Technology Camps! Young scientists will:

- Go on a high-tech treasure hunt, using GPS devices to find clues and prizes.
- Dive deep into the world of robots, including light and touch sensors.
- Create virtual worlds and program digital media.
- Explore the Grand River by collecting and analyzing water samples. How clean is our river?
- Talk to Professionals about their jobs.
